

Shenandoah Nation

The Leaves

turned and it is
one sight you don't
see in the h.w.

The hills and mount-
ains are covered with
the most brilliant
yellows and reds.

Soon the leaves will
out to fall and then
winter will come.

We drove over to the palachians in West Virginia this weekend

It is warm right
now but I
am looking for
a place to
live. It will
be done for a person
